PROFILE SUMMARY

Results-driven React Native & React JS Developer with 3+ years of experience delivering high-performance, cross-platform mobile and web applications. Specializing in building scalable architectures, integrating real-time tracking, and optimizing app performance to achieve up to 30% faster load times. Adept in modern state management, offline-first syncing, and end-to-end mobile development across Android and iOS.

TECHNICAL SKILLS

Languages & Frameworks: React Native, React JS, TypeScript, JavaScript (ES6+), HTML5, Tailwind CSS, Bootstrap

State & Data Management: Redux Toolkit, React Query, Context API, REST APIs, GraphQL, Firebase

Mobile Native & APIs: Android Studio, Xcode, Google Maps API, Location Services, Push Notifications, Camera SDK, Razorpay

Testing & Tooling: Jest, React Native Testing Library, Git, GitHub Actions, CI/CD, Fastlane

AI & Developer Tools: Cursor AI, ChatGPT, Google Gemini, Claude AI

WORK EXPERIENCE

React Native & Frontend Developer — Sphinx Solution Pvt. Ltd.

July 2023 – Present | Pune, India

- Architected and deployed cross-platform mobile apps using React Native, reducing app load time by 30% and bundle size by 25%.
- Built responsive web platforms and admin dashboards using React JS and Tailwind CSS, improving user engagement metrics by 20%.
- Integrated complex GraphQL and RESTful APIs with Redux Toolkit and React Query for smooth, lag-free asynchronous data fetching.
- Engineered real-time GPS tracking and dynamic mapping services using Google Maps API for high-traffic delivery applications.
- Implemented Jest unit testing and streamlined automated builds using Fastlane and Xcode/Android Studio pipelines.

FEATURED PROJECTS

Sarwa - Delivery & Shopping Platform (App + Web + Admin)

- Developed complete mobile app and admin ecosystem handling real-time order processing for grocery and food delivery.
- Integrated Google Maps API for live order tracking, address geo-coding, and Razorpay gateway for secure multi-currency checkouts.
- Tech Stack:** React Native, React JS, Redux Toolkit, Firebase, REST APIs, Google Maps API, Razorpay, Tailwind CSS

No Stress Impress - Dental Care Platform

- Built multi-platform app guiding users through dental impression workflows via interactive video tutorials and custom camera modules.
- Implemented image upload pipelines with automated client-side compression to speed up API processing times by 40%.
- Tech Stack:** React Native, React JS, REST APIs, Camera Integration, Firebase, Tailwind CSS

Multiply - Creator Engagement Platform

- Developed scalable social platform enabling creators to monetize content and track user analytics in real-time.
- Utilized GraphQL subscriptions and Firebase to support low-latency content sharing for over 10k+ active interactions.
- Tech Stack:** React Native, GraphQL, Firebase, REST APIs, React Query

Sharehood - Location-Based Community App

- Created hyper-local discovery platform utilizing background GPS location services to connect users with nearby vendors.
- Optimized dynamic list rendering and map markers to maintain smooth 60 FPS performance on lower-end mobile devices.
- Tech Stack:** React Native, Google Maps API, Firebase, REST APIs

EDUCATION

PG-Diploma in Mobile Computing | Sunbeam Institute | 2023

B.Tech in Electronics & Communication Engineering | PSIT Kanpur | 2017

Intermediate (12th) | BIC Shahmuhammadpur Candrawar, Ballia | 2013

High School (10th) | Gyan Peethika Jagdishpur, Ballia | 2010

KEY COMPETENCIES

Cross-Platform Optimization • Reusable Component Architecture • Mobile App Security • CI/CD Deployment • Agile/Scrum Development
